Civil Aviation Authority

TEMPORARY DANGER AREA (RAF CRANWELL), PROTESTOR DIVERSION, 27 JULY - 25 OCTOBER 2026

1 A temporary Danger Area (tDA) will be established around RAF Cranwell during the period **between 27 July and 25 October 2026** to provide an alternate diversion for the MQ-9B Protector.

2 Protector will be operating Beyond Visual Line of Sight (BVLOS) and is only equipped with a limited Detect and Avoid capability, therefore operations will be contained within the tDA.

3 The tDA will be notified by NOTAM no less than 24 hours prior to the planned activity.

4 The hazard may not be present throughout the activation period. Access to the tDA may be facilitated by the SUACS provided by Cranwell Approach on channel 124.455. RAF Cranwell, RAF Barkston Heath and RAF Coningsby activity may operate within the tDA under the agreement of the Lincs Terminal Air Traffic Control Centre (Lincs TATCC).

5 The tDA is sponsored by the Ministry of Defence (MOD).

6 Any enquires regarding the content of the AIP SUP should be directed to the AR Ops via arops@caa.co.uk.

7 The tDAs are established as defined below.

Identification and Name Lateral Limits	**Upper Limit Lower Limit**	**Remarks (time of activity, type of restriction, nature of hazard, risk of interception**
EGD397A 530615.31N 0002552.87W thence clockwise by the arc of a circle radius 5 NM centred on 530147.04N 0002933.91W to 530529.53N 0003506.80W thence anticlockwise by the arc of a circle radius 5 NM centred on 530958.00N 0003126.00W to 530615.31N 0002552.87W	Upper Limit: FL050 Lower Limit: SFC	Activity: Unmanned Aircraft System (UAS) Contact: RAF Cranwell Radar Supervisor (Lincs TATCC) – Tel 01526-347508 RAF Cranwell ATC Switchboard – Tel 01400-267281 Service: SUACS: Cranwell Approach on 124.455. Hours: Activated by NOTAM.
